<p></p><p>How to unlock Shi No Numa's Easter egg boss</

p>
<p>Shi No Numa was briefly featured in Call of Duty Mobile back in 2024, b

ut the classic Zombies map was removed and eventually replaced with the objectiv

e-style "Undead Siege" mode. Even if you played Shi No Numa the first

time it was introduced into the mobile game, you'll still need to go through

 these steps to unlock the mode needed to complete the boss fight.</p>
<p>When you first log onto the game and download the Season 9 update, you&

#39;ll need to do two things in order to unlock the ability to access the mode n

eeded for the Easter egg.</p>
<p>First, there is a quick tutorial to show you the basics of Call of Duty

 Mobile's Zombies mode. This is pretty straightforward. Afterwards, you'

ll need to play one match of Classic (normal) Shi No Numa and survive eight roun

ds to unlock the option to play the Hardcore mode. Harcore mode is what you want

 to play in order to access the boss fight.</p>
<p>Note: You can choose to play solo or as a squad of four for this easter

 egg. If you want to play solo, just make sure you uncheck the auto-fill option

before starting the match.</p>
