Whether you call it indoor cycling or spinning, pedaling a stationary bike for a solid 30 to 60 minutes is a great workout. It also qualifies as low impact exercise. For a lot of people, low impact is just what they need to help them lose weight.

Spinning to Lose Weight: 5 Helpful Tips to Get You Started

mcyclestudios : blog : 2024/11/18 : spinning-to-lose-weight-5-helpful-tips-to-get-you-started

As a general rule, the average person should start seeing noticeable results after one month of using an exercise bike as part of their regular routine. Exercising is a long-term commitment, so don't be discouraged if you can't see results straight away.

How long does it take to see results from riding a stationary bike?
