It is said that roughly 42% of horror audiences are women, with 58% being men.

Horror films tend to intertwine with thrillers in the way that viewers seek out a certain thrill/care by diving into a world which isn't their own.

People Who Seek Sensations
People high in this trait tend to experience positive emotions when they have intensely stimulating experiences, even if those experiences are negative. High sensation seekers are wired to enjoy the stimulating experience of horror films in a way people low in this trait are not.

Why Do We Enjoy Horror Movies? - Verywell Mind
Why do people like horror movies? People high in this trait tend to experience positive emotions when they have intensely stimulating experiences, even if those experiences are negative. High sensation seekers are wired to enjoy the stimulating experience of horror films in a way people low in this trait are not.
