Probably over 250,000 men suffered from #39;shell shock#39; as result of the First World War. The term was coined in 1915 by medical officer

Charles Myers

Shell shock#39; cases - The National Archives

nationalarchives.uk : medicine-on-the-western-front-part-two : s...

Shell shock ' could be triggered by a range of causes

The term itself derived from the idea that repetitive shelling was primarily to blame. The periods of intense shellin

g that occurred during the war were certainly what British private Donald Price saw as the reason men became shell shocked.

Voices of the First World War: Shell Shock - Imperial War Museums
