hemed browser game and the sequel to the popular game Five Nights at Freddy'
s. The game takes place in a pizzeria that is home to a new set of animatronics,
including Freddy Fazbear, Bonnie the Bunny, Chica the Chicken, and Foxy the Pir
ate Fox. Players take on the role of a new security guard working at the pizzeri
a, tasked with monitoring the animatronics through a series of security cameras
while trying to avoid getting killed by them.</p>

<p>The gameplay mechanics of FNAF 2 are similar to the original game, but
with some notable additions. The security guard has a limited supply of power to
keep the lights on and doors closed, and must use it strategically to survive t
he night. Additionally, players must now use a flashlight to ward off certain an
imatronics, and can wear a Freddy Fazbear head to avoid detection by others.</p>
