The paranormal genre includes creatures like zombies, werewolves, aliens, and ghosts, as well as phenomena like telepathy and time travel. Supernatural refers to phenomena that are forever outside the realm of scientific explanation, such as god, the afterlife, and the soul.

On the other hand, "supernatural" refers to phenomena or entities that exist outside the realm of scientific understanding, such as ghosts, spirits, or otherworldly beings. Examples of horror could include classic films like "The Shining" or "Psycho," which focus on psychological terror and fear.

How would you personally describe the difference between "horror" and "supernatural"?

As of October 2024, almost two-thirds (64%) of respondents said they either liked or loved the horror movie genre. Among respondents

States said they either liked or loved the horror movie genre. Among respondent
