<p>In FNAF 4, you play from a first-person perspective and must use variou
s tools to protect yourself from the animatronics. Your primary tool is a flashl
ight, which you can use to keep track of the animatronics' movements. You ca
n also close doors and windows to keep them out, but these actions consume your
limited supply of power. The animatronics move around your bedroom and can attac
k you from any angle, so you must use your senses and quick reflexes to survive.
