As you are all the way down here reading this, it's likely you are EXTRA interested in what we have to offer. This site is a bit different from some other online games sites, and we're happy to tell you why... We offer an amazing selection of games for free, without you having to register or sit through any video ads. Among the categories we have are we have are adventure games.

A very simple explanation of probability would be a coin toss, in which the two possible outcomes are heads or tails. The probability of getting heads is a one in two chance, which can be represented as odds of 1/1, which would mean the outcome has a 50% chance of winning.
