<p>It's a really good game it's fun to play and entertaining I like this game because you couldn't make

<p>it's a really good game it's fun to play and it really entertaining I like this game because you can

<p>make sure the sound and there's no sound without increasing up your device or lowing it so what I would

<p>like to say is that they should get quite a bit of an upgrade and stop telling you to continuously

<p>get something because during the run because you'd be focusing on your high score instead of something else as it's

<p>really distracting and takes up a lot of your time during the run as in addition I would like to

<p>say that there is quite a couple of good things about this because you can watch an advert if you

<p>wanted to you to get the daily rewards are really rewarding and you can get a lot of keys which

<p>would help you speed up one thing I do not like about this game is how the speed goes up

<p>as you run fast I guess that's all the cons and all the pros Plus there's a lot of kind

<p>of thing you'd get five of something and you get is money and in the money the randomising money thing

<p>is that you didn't after 10,000 coins right but usually it is 1000 coins and below which is kind of

<p>really random because it's frustrating as I'm trying to get a lot of money which would help if you

<p>d allowed us to get a lot of money in a certain time not just 1100 or 200
