<p>One thing I noticed is that nothing prevents you from preparing the pizzas in between days. So in practice you could bake a bunch of pizzas completely, then start a new day and just serve the pizzas to the clients.</p>

<p>I came up with a couple of ideas that might help with this:</p>

<p>The kitchen area should be restricted during night time, and maybe the team should be instructed to do some other work (like cleaning, shopping, etc) Tj T* BT /

<p>Pizzas should have a lifespan (in every state, from dough to finished p) Tj T* BT /F1

<p>When a new day starts, all pizzas should be destroyed</p>
