Trust us when we say that it is not every day that we get to bring you
new and £ interesting first person shooter games online, especially games that
are like this one that you are going to play, a £ game that we have found to be
quite unique, and one that we are positive you are going to love £ playing ple
nty, because it was our own amazing time with it that made us convinced that we
had to share £ it with everyone. From this following part of the article you le
arn everything you need to know about the game, £ so why not read to the end be
fore you start? You are going to move around using the w, a, £ s, d keys, while
with the mouse you look around as well as shoot. In this game, only when you £
are moving the time is flowing, so when you stop, it also stops. Use this to yo
ur advantage in order £ to avoid enemy shots, and if you do it right, you then
get to have a step ahead of them £ and shoot them down faster and take them out
, advancing through the stage. Get through one stage after the other, £ until y
ou completely win the game. Good luck, and if you are up for more fun, sticking
around here and £ having even more fun with other great games that are coming i
s certainly what you have to do!
