Craps

people.richland.edu : james : misc : simulation : craps

If the sum is a 7 or 11, you win and the game is over. If the sum is a 2, 3, or 12, you lose and the game is over. If you roll a 4, 5, 6, 8, 9, or 10, that value becomes your "point" and you continue to roll until you re-roll your point or a 7.
