Step right up in our world of Bomberman Games online, otherwise known as Bomb It Games, because we are inviting you into one of the biggest video game franchises to have come out of Japan, one that is now owned by Konami, and has been around since 1983, with the original title of Bakudan Otoko, and the series has also been known as Dyna Blaster in Europe.

Bomberman: story & characters!

While the plot is not the main attraction in this video game series, it does have one, as it follows Bomberman working day and night at his

bomb factory underground, from which he aims to escape by planting bombs to tear down the walls in his path, and to destroy the enemies trying to stop him too, all in order to reach the higher plane of outside, where he, a robot, can become human.

He is known as the White Bomberman, having a rival in Black Bomberman, usually used as the character in the 2-Player modes. Max is one of his most competitive friends, Dr. Ein is an eccentric scientist who helps him out, Charabon are small creatures that give the title character abilities, and Louie are animals that the main character can ride on.

Of course, the series also has baddies, in the form of Professor Bagura, the main villain in the overarching story, or The Bad Bombers, five bosses with distinctive personalities, looks, and abilities who try to stop our protagonist in recurring ways.
