Monopolies. The word monopoly is derived from Greek

words meaning one seller.

If one company is the only manufacturer

of a product, that company has a monopoly.

It is able to set its own quality standards

and establish selling prices. It can also control middlemen,

such as wholesalers and truckers.

Under a monopoly, only one firm offers a product or service,

experiences no competition, and sets the price, thus making it

a price maker rather than a price taker.
