

O O bet365

Tank Trouble is an online tank game where you drive in a maze and shoot missiles at your enemies. Tank Trouble pits you against clever army generals in mazelike battlefields. In Solo mode, you will face Laika, a master of war. You can also challenge a friend or two in multiplayer warfare. Special items appear to give you an edge on your enemies, like rockets, scatter bombs or a double canon. Always make sure missiles don't bounce from the walls, killing your own tank.

How to play (solo)?
In Solo mode you control your tank with the arrow keys. You shoot with space. Drive through the maze to find your enemies, and shoot from a safe point before they aim their canon at you.

How to play (multiplayer)?
In multiplayer mode, you can challenge a friend or two. The game is more difficult, but the rewards are higher. You can also play with a team of up to 8 players. Always make sure you have a good strategy.
