1. Krav maga techniques are designed for survival and often escape rather than "victory" or dominance. Krav Maga's emphasis on real-world self-defense and potentially lethal techniques makes it less suitable for the regulated environment of MMA competition.

If Krav Maga is so effective, why is it not featured in MMA fights? - Quora : If-Krav-Maga-is-so-effective-why-is-it-not-featured-in-...
Because well taught Krav Maga is so comprehensive in what it teaches, it makes it very effective in a street fight situation, where a
