Activision has once again stated that this year's

Call of Duty: Modern Warfare III is a "premium release." As such, i

t will cost \$70 USD for the standard edition. Activision confirmed this to Charl

ieIntel, following ongoing speculation that Modern Warfare III might be a lower-

priced game. </div> </div> </div> </div> </div> </div>

Unfortunatly, the simple answer as to why MW

2 is set at such a high price is that \$70 has become the new standar

d for triple-A games. Sony has been pushing a \$70 price tag on many

of its games since the PS5 and Xbox Series X/S were released, charging more for

versions that were made for the upgraded console. </div> </div> </div>
