[How To Install APK Tutorial](#)

Start by going to //play.google in your computer's web browser and signing in with your Google account.

Once you download an APK file for a Play Store app with this method, you can easily transfer it to your Android.

You can only download APKs for free apps it's not possible to get a paid app's APK.

In order to install apk file to the Android device, basically we need to do the following.

- On Android device, navigate to > Apps > Settings > Security, enable > Unknown Sources, then tap > OK to agree to enable this setting. This will allow the installation of third party apps and stand alone APKs.
