The above-graph displays service status Activity for Vanguarda over the last 10 days. The graph shows a significant drop in activity around the time of the maintenance, which is expected. The system is now back online and activity is returning to normal levels. The maintenance was completed successfully and the system is now fully operational. The graph shows a clear correlation between the maintenance activity and the drop in service status activity.

The system is now back online and activity is returning to normal levels. The maintenance was completed successfully and the system is now fully operational.
