2 player games are a popular category of unblocked games at Friv. As compared to single-player games, where you compete against a PC opponent, these games can be played by two or more players and they steal the show. As of now, these games are available on a wide range of devices, including desktop computers, smartphones, and tablets. They are also available on various platforms, including web browsers, mobile apps, and dedicated gaming devices.

Other than that, you can also play some logic games and puzzle games, if you like, the cooperative mode. Some of the more complex 2 player games can also be played by a higher number of players. Some of the more popular 2 player games include: Chess, Checkers, Go, Backgammon, Risk, Diplomacy, and many more.
