re Multiplayer not working error is the corrupted cache data. In this case, you can try the following steps:

1. Follow the prompts when starting the Campaign to choose your difficulty setting and
2. Press the "Esc" key to open the in-game menu and select "Options".
3. Under the "Gameplay" tab, find the "Multiplayer" section and check the "Multiplayer" checkbox.
4. Press the "Enter" key to save the settings and return to the game.

These steps should resolve the Multiplayer not working error. If the problem persists, you may need to delete the game's cache data and restart the game.
