A huge collection of free games for kids to play at different

levels

A lot of our games for kids feature the option to select a difficulty

level that is suited to the player. For instance, in our jigsaw puzzle

games this allows you to set the number of puzzle pieces to play with.

In our picture matching games, you can use the difficulty settings to select

the number of cards. This way, you can make sure the level of play is

always right: challenging enough to keep the game engaging, but not

so difficult that it becomes discouraging.
