If you're having trouble connecting to the Call  
of Duty: Modern Warfare, you should first check Call of Duty: Moder  
n Warfare Server Status. If the status indicator for your platform  
is not green or an alert is present, you might encounter connectivity issues unt  
il service is restored and fully operational.

Clear the Cach  
e of Your Console. Another common reason for the Call of Duty Modern Warfare Mul  
tiplayer not working error is the corrupted cache data.  
In this case, you can try clearing the cache files on your PC or console to fix  
the issue.
