O que é Speedway?

Speedway é uma emocionante categoria de corridas de motocicletas que tem origem nos Estados Unidos e se tornou altamente popular nas ilhas britânicas e na Oceania nas décadas de 1950 e 1960. O esporte tem origens nos EUA, mas a Escócia sediou a primeira grande competição em larga escala em 1928, e a primeira competição mundial realizou-se em Londres em 1936.

Como funciona uma corrida de Speedway? Cada corrida do Speedway dura quatro voltas e acontece em uma pista oval contemporânea, composta por duas retas e dois semicírculos, com um limite interno bem definido e entre 260 e 425 metros de comprimento.

Cada equipe de Speedway tem sete pilotos, e cada um desses pilotos enfrenta dois adversários nas 15 corridas. O vencedor de cada corrida recebe três pontos, o segundo colocado recebe dois pontos, o terceiro recebe um ponto e o quarto colocado recebe zero pontos. A equipe com o maior número de pontos ao final das 15 corridas é declarada a vencedora.
